Dear Sir:

Pursuant to 37 CFR § 1.27(c)(1), applicants hereby notify the U.S. Patent and Trademark Office ("PTO") that small entity status is entitled to be asserted for the above-identified patent application. In particular, a license agreement between the assignee of the above-identified patent application, UAB Research Foundation ("UAB"), and a large entity company was terminated on August 31, 2004. An assignment for the subject patent application to UAB was recorded on April 30, 2001, at Reel 011765/Frame 0823 in the PTO. Since UAB is a small entity, and there are no licenses of the subject patent application to a large entity, the present patent application is entitled to small entity treatment.

Respectfully submitted,

Date: December 7, 2004
